A4 Activity books will be used for other subjects

We need a writing book that has space for a picture and space for writing on *every single page*. If the book has pages that are only lined (no picture space), those pages often get wasted, which means we run out of space sooner. Please look for the "Number 1" book or a similar layout.

Please choose a workbook that is A4 size. Using A4 helps us keep the students' books **neat and organised**, as it's the perfect size for gluing in their activity sheets.
